

A pixelated, black and white version of the word "PDP" in a stylized, blocky font, enclosed within a pixelated oval border. The image has a low-resolution, dithered appearance, reminiscent of early digital graphics or a heavily compressed image. The letters are bold and blocky, with the "P" and "D" having a distinct vertical stem and a horizontal top bar. The "P" has a small loop at the top. The "D" is a simple vertical bar with a horizontal top bar. The "P" is followed by a space, then the "D", then another space, and finally the "P". The entire word is centered within a pixelated oval border. The background is white, and the text and border are composed of black and gray pixels.
